6401/120	Local Policing and Partnerships	West Division - Community Safety Unit (CSU)	Police Sergeant	14/05/2020	Member of the Public	Yes	50.00	Pizzas, crisps, cake	Donor contacted Police wishing to show their appreciation for the police during the Covid-19 period. Donor then attended and presented items to the CSU. Due to the volume of number of items they were disseminated elsewhere within the Police Station.	Shared among the teams
6402/120	Local Policing and Partnerships	North Division - Proactive Investigation	Detective Chief Inspector	14/05/2020	Member of the Public	Yes	65.00	4x Parker Pens each with a personalised message, bunch of flowers and box of chocolate	DC attended Member of Public's address to collect a gift for the QC and QC's assistant, whilst at the property MoP has also presented a gift for DC, DC, DC, DS and DCI. This was completely unexpected and MoP was aware that gifts aren't normally accepted. MoP explained that each gift was printed for each individual officer. DC wasn't able to not accept these gifts as it would of caused great upset to MoP and she wanted to show her appreciation for the officers hard work who had been involved in the murder case of her relative and she was apologetic that she wasn't able to provide a gift to every officer involved within the investigation. DC therefore accepted the gifts on behalf of the other officers.	Supervising officer agrees it would have been rude not to accept the items. Re the chocolates and flowers, they are perishable goods and can be enjoyed by the recipient in the way intended. Re the pens, the key staff have been given pens with personal inscriptions on them. Again the items are personalised and cannot be donated. The cost of the pens are also of low value, it is the sentiment of the gift from the family that is important. Happy that the items can be kept by the recipients, which will be of use in their work. Will ensure that an appropriate thankyou letter is sent to the family.

6444/120	Local Policing and Partnerships	West Division - Reactive Investigation	Detective Constable	04/09/2020	Member of the Public	Yes	30.00	Bottle of black Lanson Champagne	Officer attended home address of victim whose case was discontinued. The purpose of the meeting was to hand deliver the letter from CPS confirming that the case was being discontinued and to answer any questions her or her family had in relation to the case. The meeting took place as arranged and at the conclusion of the meeting the victim explained that she had a little something she wanted to give to me. She explained that her and her family wanted to give me a thank you card for all the hard work that the officer had put in on her case, but could not find a card she liked. As such they got the officer a bottle of drink that they wanted them to have as a thank you. Officer explained that they were just doing their job and was trying to get the best possible outcome for her, and they could not really accept any gift. However, victim was insistent that they accept the thank you gift from her and the family. As such, to not cause offence by refusing the gift, officer accepted it on the basis that it may need to be returned if not approved for them to keep it	I have considered this request in line with Force Policy on gifts and hospitality and have decided that the gift should be passed to the West Division KPRA rep to be included as part of the Christmas raffle. It is clear that this gift is a genuine token of appreciation from a victim of crime and that the case has been discontinued, however I am still of the view that this is the most appropriate course of action.
